Very awesome Prof. Always asks us question during class.
Doesn't matter when you go see him, he is always willing
to answer questions. Labs go every well with the
class material, probably the best class for it.

Dr. Areibi is one of the best (if not the best) professors I've had in three years. He explains concepts very clearly. He does everything in his power to allow his students to learn the material. He seems to truly care about the courses he teaches and is a model for what all professors should be like.

- Would lowering the course load be possible if you cut half the Lab write ups and just do demos, so reports get a bit repetitively.
